

Maximize the impact of your donation with a corporate matching gift!

Companies of all sizes match donations their employees make to non-profits because it's an easy, structured way for them to support good work in their communities. Moreover, corporate matching gifts are an efficient and straightforward way for companies to build relationships with charities.

Companies usually match donations at a 1:1 ratio, but some will match at a 2:1, 3:1, or even a 4:1 ratio.

Ask your employer's Human Resources Department or your manager whether your company offers charitable matching gifts—and ask your spouse to check with his/her employer too. Typically, the process of obtaining the match can be completed online.
